## TELSTAR CAPTURES STATE CLASS "A" SKI CROWN

Telstar Regional High School finished strong in Friday second-day events of the State Class A scholastic ski championships at Chisholm Winter Park, Rumford last week. The Bethel team won both slalom and jumping to carry off the title. Telstar had been fourth, Mexico first in Thursday's opening-day giant slalom and cross-country.

Central Aroostook of Mars Hill stood second both at the halfway and finish, and Fort Kent held to its position with Mexico dropped to fourth spot. Waterville was the trailing team.

Completing an Alpine double Bob Marden of Waterville took Friday's slalom and in the jump Rex Cummings headed a three-man Telstar delegation at the top of the ratings. Mike Barnes of Central Aroostook was the four-event skisimmer and Telstar's Kevin Trinward and Peter Blake were second and third.

The final order of finish was: Telstar, 371.963; Central Aroostook, Mars Hill, 363.24; Ft. Kent, 347.631; Mexico, 347.243; Waterville, 311.602.

The first four finishers in each event were:  
Slalom: B. Marden, W.; J. Haskell, T.; T. Gallant, M.; M. Barnes, C. A.  
Cross Country: R. Easter, M.; R. Arsenault, W.; R. Cyr, Ft. Kent; J. Burns, M.  
Slalom: B. Marden, W.; K. Trinward, T.; J. Haskell, T.; M. Barnes, C. A.; P. Blake, T.  
Jumping: R. Cummings, T.; P. Blake, T.; K. Trinward, T.; M. Barnes, C. A.

Due to the inclement weather, the meeting of the Bethel Historical Society scheduled for this evening (Thursday) has been postponed until next Thursday, March 11, at 7:30 p. m. Casco Bank Community Room.

## GOULD TOPS WELLS, 49-38 TO RETAIN W. MAINE CLASS D TITLE

Gould Academy took advantage of poor shooting and sloppy floor play by Wells to defeat the Warriors, 49-38, and retain the Western Maine Class D Title in the tournament final at Auburn, Saturday.

Schmoil with 12 points, Fairburn with 13, and Ault with 10 counters paced the winners' attack. High point man for Wells was Darby with 12 points.

Winner of the John Messina Award as the Class D Tournament's Most Valuable Player and Outstanding sportsman went to Gould's Gary Graham. His floor work kept Gould steady and helped break the Wells' press and man-to-man defense. Dan Vogt of Gould was last year's winner. He was in foul trouble early in this year's final and scored only four points.

The Gould squad will meet eastern Maine winner Jonesport-Bears at 1:15 Saturday afternoon in the Colby College gymnasium at Waterville, for State Class D honors. The two teams also met a year ago in the state title clash.

## DISTRICT 44 BOARD ACCOMPLISHES BUDGET CUT AT FEB. 25 MEETING

The S. A. D. 44 board of directors held a special meeting last Thursday evening at Telstar Regional High School to cut \$33,249 out of the 1971 budget as was its mandate from the voters at the Feb. 16 district budget meeting.

The largest single item cut was the purchase of a new 60-passenger bus at a figure of \$8,500.

The board reduced the administrative account by \$5,389. Eliminated was \$4,409 in the budget for assistant superintendent's salary, plus \$600 in travel expense. Also cut was \$100 to eliminate magazine subscriptions for board members and \$230 from board of education salaries.

The decision was made to cut \$10,331 from the instruction account as follows: \$1,450 (eliminate driver education during the school year, effective Sept. 1, 1971); \$800 (eliminate funds for part-time help in the Telstar general office); \$517 (reduction for teacher aide in Telstar Art Dept.); \$1,814 (reduction in audio-visual materials in elementary/secondary); \$1,908 (reduce teaching supplies, elementary/secondary); \$1,000 (reduction in travel, elementary/secondary); \$3,150 (eliminate Adult Education after Sept. 1, 1971). It is planned to offer Driver Education during the summer on a self-sustaining basis, and Adult Education after Sept. 1, on an actual cost basis.

The maintenance of plant account was reduced by \$7,900. Removed was \$3,000 for temporary summer help and \$4,900 from contracted services. The latter reduction eliminates the ring and graveling of a portion of a driveway at the Andover Elementary School, painting the Woodstock and Bethel School at \$1,000 each. District electrical repairs reduced by \$500. \$400 for survey and marking elementary school lots; and \$1,900 removed from contracted services at Telstar.

Fixed charges were reduced by \$129 as a result of the elimination of the assistant superintendent's position.

Food Services was reduced by \$1,000, the implementation of this cut at the discretion of the program's director.

The majority of the board apparently were of the opinion that the cuts were made where they would least effect student programs during the current fiscal year.

The next regular session of the S. A. D. 44 board will be held Monday evening, March 15, 7:30, at Telstar Regional High School.

Hebron Academy has announced the opening of a day department for girls. Applications for September 1971 entrance will be accepted.

## BETHEL VOTERS AUTHORIZE \$162,115 FOR NON-SCHOOL SPENDING IN 1971

Officials Elected During Day

An estimated 230 Bethel voters authorized the expenditure of \$162,115 for non-school items at the annual business meeting held at Telstar Regional High School on Monday evening of this week. Of this amount \$35,000 is to be taken from surplus to ease somewhat the impact on the taxpayers. Added to the \$127,115 remaining will be the town's S. A. D. 44 assessment of \$343,749.55 and an estimated county tax of \$15,000 for a total of \$485,864.55. Using the 1970 valuation a \$2 per \$1,000 tax rate is projected. By using the 1970 valuation plus a 25% increase of land values across the board, contemplated by the local assessors, a \$51 per \$1,000 rate could result, depending on any other increase value that might be found.

In voting during the day at the Fire Station, 410 Bethel voters cast ballots with John T. Grover and Leland R. Brown receiving the nod to serve three year terms as selectmen. Mr. Grover received 323 votes; Mr. Brown, 135; Mrs. Caroline Merrill, 29, and Mrs. Susan O'Donnell, 40. For the accompanying post of a senator, Mr. Grover received 233 votes; Mr. Brown, 128; Mrs. Merrill, 32, and Mrs. O'Donnell, 35.

In the election of two members of the S. A. D. 44 board of directors for three years, William Corbin and Mrs. Margaret Crobie received the greater number of votes. Mr. Corbin led the field with 277 votes, followed by Mrs. Crobie, 167; Charles Hurd, 158; Mrs. Joan T. Wiese, 44; Christen Antevine, 51.

In unopposed voting, Mrs. Lillian P. Young received 395 votes for Town Clerk, and Roderick McMillin, 492 votes for Fire Ward.

At the evening business meeting, the recommendations of the budget committee were accepted by the voters with a minimum of debate. In an article that bore no budget committee recommendation, the voters approved \$250 for maintenance of a public skating rink.

Bethel voters approved a Dog Control Ordinance that forbids a dog to run at large off the premises of the owner and "not under control of any person by means of chain, rope or cord of sufficient strength to control the action of such dog (or such other personal presence and attention as will reasonably control the conduct of such dog)." The ordinance is contained in the annual report, and copies of it are available at the Town Office.

## GREENWOOD CITY

**— Mrs. Celeste Morgan, Corrae. —**

When morning broke over the distant hills, Edgcomb was ablaze with rosy colors. We watched the change over our morning coffee. Today was to be an outside day.

I already had my name on the river, the winter skies, the hills and the sun. No, I won't be selfish with all these things I'll share them with you for I have no deed to the river, no vault for the hills, the winter sky or the sun.

At one o'clock I set out, up pond. Opposite the farm I entered the forest land where for years the trees have defied the storms that seasonally come and go.

The trail I was following would lead me to the "Dime" Whitman farm as I still call it for it was here that he and his family lived when I first came here to teach.

I traveled up the hills, now planted with pine, toward the house vacant at this time. I recalled the alighting parties so many years ago when on a clear March morning the children and grownups gathered for a "spin" down these very hills on a toboggan or "Speed-Away." Today in snowshoes instead of a sled I followed the gradual rise to the old barn. I stopped to listen. Could I hear music? So many times I had been to the jolly dances in this same barn. Barn dances were popular then. Today it was cold and lonesome. I did not wish to linger.

Beyond I remembered going with two of the children "Jim" and "Del", to look for that singularly fragile plant with its heart-shaped blossoms, the Dutchman's Breeches, nodding so gracefully. I stopped, turned back the years, and picked them again in memory while nearby grew the Spring Beauty which was so bashful, so pretty, so eager to defend its modesty by closing its blushing petals when carried off by the despoiler.

All the stored-up beauty of summer blazed before me in an avalanche of color of that day.

But back to reality! Today no Dutchman's Breeches, no Spring

Beauty, just snow and brilliant sun. I plunged on down a steep ridge toward the river.

At my right now a tangle of growth where alders grew, too hard to travel on snowshoes.

My next hope was to find the old Tamarack. I was sure I could as its pyramidal head would be held high even though its leaves were missing. I found it and stopped for an observation and another memory.

Now to the Sanborn River where I dared not travel today; for she wasn't dressed in her white ermine but in shimmering glass. I kept to the edge until I found a safe place to cross. Here in summer the cool waters run, sparkling and humming, my jewels in the sun. Here too, pebbles lie smooth and cold on a shifting sand bar, like spears of flashing gold. There are bird calls, larks, rustling river grass, and ducks by the water's edge talking as I pass.

From here I walked another country mile.

The grass on the other side is always green so they say. Therefore I decided to look.

This time I was able to make the hill by the help of a stick and the bushes. I was now in new territory where the old leaves rustled a muted song. Above, the sky was blue, and squirrels from the branches called down. "Who are you?"

Otherwise the woods were quiet, so quiet, except for my own foot falls.

I went on through a belt of hardwood: sugar maples, beeches, yellow birch, and white; then a push into the blue-green cathedral, those groves of fragrant balsam and cedar. It was as if I had stepped into a picture.

In a short time I heard a gurgle; a brook laughing beneath the snow as it raced its way from a spring on the mountain to murmur here among the many hummocks and then whisper its way to the pond. I listened, hoping to understand its message.

Glancing just beyond, the stream had deepened into a pool, shadowy, peaceful, and cool. Rocks fringed with moss, green as in summer crowded around the edge.

All around this section carpeted in snow there were marks of little feet going to and fro.

I found an old wood road leading in from I know not where.

I like woodroads. They have a way with them that seem to say, "Come, follow me!"

This one would turn and twist and double out of sight, shadowy still, as if something waited just around the turn.

I followed for a time but the day was late. So I set out for home facing the view that reached far across the valley against an arc of blue; while up above the passing breeze awayed gently, the winter trees.

## BETHEL TOWN MEETING

continued from Page One

The meeting approved the recommendation of the selectmen to charge 15¢ interest per month on taxes unpaid after Nov. 30. Any balance unpaid Nov. 30 will be charged 15¢ per month retroactive to Oct. 1.

As a result of this action of the annual meeting, 2½ discount will be allowed on real estate and personal property taxes paid before Sept. 1.

Permission was granted the Town Manager instead of the Board of Selectmen to grant licenses to carry on business on a public street, to grant parade permits, and to give permission to make excavations on streets and/or sidewalks.

The voters approved an ordinance providing that the Board of Selectmen shall act as the Police Department policy-making board. The Town Manager shall direct, under policies established by the Selectmen, the duties, activities and equipment of the Police Department. In another ordinance enacted, the Selectmen shall act as a binding board of arbitration in any conflict arising between the Town Manager and the Police Department.

Authorization was granted the Town Manager to appoint a Town Clerk subject to the approval of the Selectmen. One of the effects of this action will be to remove the office of Town Clerk from the annual election ballot.

Also enacted was an ordinance prohibiting the obstruction of normal traffic flow by placing snow or ice on a public traveled road or sidewalk in the town of Bethel, with the intention of leaving it there.

Following the annual session, the board of selectmen named Samuel Timberlake as its chairman for the next year. Other members of the board are Avery Angove, Leland R. Brown, John T. Grover, and J. Jay Willard.

## BETHEL WOMAN EARNS STUDENT PILOT'S TICKET

Mrs. Louise Newton, Bethel, and formerly of Bryant Pond, earned her student pilot's ticket, Friday, Feb. 19, when she soloed at Twitchell's Airport in Turner. At the controls of the black and white Cessna 150, Mrs. Newton, who incidentally weighs less than a hundred pounds and is about five feet tall, did her maneuvers flawlessly. There are always the spectators who chuckle as she walks under the wings (without bending) while pre-flighting her aircraft. She has been flying since 1967, but decided last Fall that she would like to pilot the craft. Since that time she has been taking instruction from Terry Twitchell, a veteran in the field of aviation with 3,500 logged hours. His ratings include commercial, instrument, multi-engine, land, sea, and instructor and he estimates that about one hundred students were instructed at Twitchell's last year. His father, Ronald, has instructed for 20 years and started the family-operated business in 1949, which consists of two strips with a third under construction and a sea base. Mrs. Twitchell operates the Unicom and Mike, another son, also instructs. Mrs. Newton remarked that it was the friendly atmosphere of the airport that gave her the courage to keep flying.

Mrs. Newton now resides on Broad Street with her husband, Burton Newton, a private pilot, and the two children, Clay Andrews, an eighth grade student at Telstar, and Coleen, a student at Crescent Park.

This reporter stood on the long tarmac strip in Turner last Friday (Feb. 19), watching the aircraft take off, gain altitude, come in for the landing. It is said that reporters must be objective; there must be, in some instances, exceptions. As I watched her alone up in the sky, I remembered other rides she had taken . . . 34 hospital stays in the last 15 years for major and minor surgeries . . . I remembered she had lost her husband in 1966 in a plane crash, leaving her with two small children. She is, probably one of the more courageous people I have ever met and to me and those who know her personally, this was not an ordinary solo. It was a feat extraordinary — Sandra Martin Dunham.

## WALKING IN THE RECOVERY ROOM

All the advances in modern medicine do not come from new drugs or advanced surgical techniques. Not too long ago doctors found out that in certain operations it was better to have the patients on their feet as soon as possible. Today some surgeons have their patients actually walking in the recovery room.

It seems that the sooner the body starts back to functioning normally the quicker it will start healing. Hospital stays now are usually shorter. In the same way, today's new prescription medicines help you to recover more quickly! A physician's skilled care is the shortest road to better health.

Due to the increased number of prescriptions and in order to keep up good service, it would be to our mutual advantage, if you would please phone to re-fill prescriptions. — Thank you.

Wendell Sweatt, and his son, John, chopped ice off any house roofs last Thursday and Friday, and still have the shed roof to do.

Mr. and Mrs. Carl Littlehale went to Colebrook Friday night and on their way back saw a beaver dragging a tree across the main road and on arriving home saw a skunk in their yard.

My sister, Mrs. Gladys Bennett, who has been in Fort Wayne, Ind., all winter telephoned me Friday night. She said there is no snow there and that she and her eldest son, Clinton Jr., are not very well.

Mr. and Mrs. Mark Harvey were at their camp on Umbagog to shovel snow off the roof, Sunday.
